

# HISTORIC AMERICAN ENGINEERING RECORD

## INDEX TO PHOTOGRAPHS

HAVRE RAINBOW TRANSMISSION LINE  
(Fort Peck-Rainbow Transmission Line)  
Havre City to Great Falls vicinity, Montana  
Great Falls vicinity  
Cascade County  
Montana

HAER MT-136

Note: The transmission line also passes through Hill County in the Havre City vicinity and Choteau County in the Fort Benton vicinity.

## INDEX TO BLACK AND WHITE PHOTOGRAPHS

William Brockenbrough, photographer, October 2006

MT-136-1	View facing northwest (335°) of Structure 1-5 with multiple structures to the north
MT-136-2	View facing northwest (60°) taken from approximately 500 feet west of Structure 3-3
MT-136-3	Southeast elevation of Structure 12-6 with 16 foot scale
MT-136-4	Oblique view of Structure 12-6 facing east
MT-136-5	View facing north (35°) near Structure 14-3, small farmstead in distance, Powerline Road on left of frame
MT-136-6	South elevation of Structure 16-1 with 16 foot scale
MT-136-7	Oblique view of Structure 16-1 facing northwest
MT-136-8	View facing north, Structure 16-2 in foreground, as Transmission Line turns at intersection of Powerline Road and US 87
MT-136-9	Detail of numbering on Structure 22-9
MT-136-10	Detail of cross-member and insulators on Structure 22-9, facing north

HAVRE RAINBOW TRANSMISSION LINE

HAER MT-136  
INDEX TO PHOTOGRAPHS  
PAGE 2

MT-136-11	View facing northeast (60°) of Structure 25-9, other transmission lines and small farmstead visible in background
MT-136-12	View facing northeast (60°) of Structure 37-6
MT-136-13	View facing north (30°) of Transmission Line entering Teton River Valley, near Structure 40-7
MT-136-14	View facing south (150°) along railroad bed of tunnel and Structure 41-4
MT-136-15	View facing south (210°) of Transmission Line going over hill, Structure 46-12 in foreground, near Collins School
MT-136-16	South elevation of Structure 47-2 with 16 foot scale
MT-136-17	Oblique view of Structure 47-2 facing northeast
MT-136-18	View facing east (70°) of Transmission Line crossing Marias River, near Structure 47-9, grain elevators in town of Loma visible in background
MT-136-19	Oblique view of Structure 48-9, facing northwest (310°), in town of Loma
MT-136-20	View facing south, near Structure 51-5, of Transmission Line rising out of Marias River Valley
MT-136-21	South elevation of Structure 56-9 with 16 foot scale
MT-136-22	Oblique view of Structure 56-9, facing northeast
MT-136-23	View facing northeast (30°) near structure 67-5, US 87 visible in foreground of frame
MT-136-24	North elevation of Structure 73-7 with 16 foot scale
MT-136-25	Oblique view of Structure 73-7, facing south (150°)
MT-136-26	Oblique view facing east (65°) of substation with Structure 73-9 in foreground
MT-136-27	View facing northeast (30°) of Structure 88-7
MT-136-28	View facing northeast (30°) of Structure 96-7, grain elevators and community of Larado in background
